# Your layout . . .

***Please don't be concerned about your artistic ability, just a rough sketch of your required layout will enable us to complete your design!***

- We can scan photographs, illustrations and positive transparencies (or parts of!). You are not limited to a single photograph, We often produce cards made up from 4 or more photos and there is no extra charge.
- If you have no particular ideas for a card design, we can design a card for you, but please bear in mind that time is limited. We do not make any additional charge for this service.
- We have several standard back layouts -if you've seen one you like, make a note of the callsign and we'll alter the appropriate details. If you have require a specific back layout (e.g. you may use labels) then send us a copy and we will reproduce it.
- Indicate any logos or insignias you require to be added (e.g. IOTA, RSGB, ARRL, AMSAT etc).
- We prefer to scan and prepare artwork in-house in order to maintain quality, but if you would like to send your own artwork on disk, please call first to discuss formats.

  We will send you a proof for your approval before printing.
